

Woodlands is taking off!

The Balloon is going up on 10 great blocks!

Each block is registered and ready to build on, there's no waiting and you can start now.

You can choose a Woodlands bushland block surrounded by trees, an elevated block with views or a large traditional family size block.

But that's not all. Woodlands is taking off in all sorts of ways. With excellent schools and shops nearby. Just ask the 700 people already living there, enjoying Woodlands parks and Adventure Links.
